PUBLIC REPORT

—OF A—

POLICEMAN.

I have not enjoyed good health for several years past, yet have not allowed it to interfere with my labor. Every one belonging to the laboring class knows the inconvenience of being obliged to labor when the body, from debility, almost refuses to perform its daily task. I never was a believer in dosing with medicines; but having heard the VEGETINE spoken of so highly, was done muced to try it, and shall never regret that determination. As a tonic (which every one needs at some time) it surpasses anything I ever heard of. It invigorates the whole system; it is a great cleanser and purifier of the blood. There are many of my acquaintances who have taken it, and all unite in praise of its satisfactory effect.

Especially among the aged class of people, it imparts to them the one thing most needful in old age—nights of calm, sweet repose, thereby strengthening the mind as well as the body. One aged lady, who has been suffering through life from scrofula, and has become blind from its effects, having tried many remedies with no favorable result, was induced by friends to try the VEGETINE. After taking a few bottles, she assumed such great relief that she expressed a wish for her sight, that she might be able to look upon the man who had sent for such a blessing.

Yours Respectfully,
O. P. 4. HODGE, Police Officer, Station 6.
BOSTON, Mass., May, 9, 1871.

HEARTFELT PRAYER.

ST. PAUL, Aug. 22, 1864.

H. R. STEVENS, Esq:

Dear Sir—I should be wanting in gratitude, if I failed to acknowledge what the VEGETINE has done for me. I was attacked about eleven months since with Bronchitis, which settled into consumption. I had night sweats and fever chills; was distressed for breath, and frequently spit blood; was all emaciated, very weak, and so low that my friends thought my case hopeless.

I was advised to make a trial of the VEGETINE, which, under the providence of God, has cured me. That he may bless the use of your medicine to others, as he has to me, and that his divine grace may attend you, is the heartfelt prayer of your admiring, humble servant,

BENJAMIN PETTINGILL.

P. S.—Mine is but one among the many cures your medicine has effected in this place. B. P.

MAKE IT PUBLIC.

SOUTH BOSTON, Feb. 9, 1871.

H. R. STEVENS, Esq.

Dear Sir—I have heard from very many sources of the great success of VEGETINE in cases of Scrofula, Rheumatism, Kidney Complaint, Catarrh, and other diseases of kindred nature. I make no hesitation in saying that I know VEGETINE to be the most reliable remedy for Catarrh and General Debility.

My wife has been troubled with Catarrh for many years, and at times very badly. She has thoroughly tried, every supposed remedy that we could hear of, and with all this she has for several years been gradually growing worse, and the discharge from the head was excessive and very offensive.

She was in this condition when she commenced to take VEGETINE; I could see that she was improving on the second bottle. She continued taking the VEGETINE until she had used from twelve to fifteen bottles. I am now happy in informing you and the public (if you choose to make it public) that she is entirely cured, and VEGETINE accomplished the cure after nothing else would. Hence I feel justified in saying that VEGETINE is the most reliable remedy, and would advise all suffering humanity to try it, for I believe it to be a good, honest, vegetable medicine, and I shall not hesitate to recommend it. I am, &c., respectfully,

L. C. CARELL,
Store 451 Broadway.

VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cleanses and cures ulceration, cures constipation, and regulates the bowels.

Has Entirely Cured Me.

BOSTON, October, 1870.

MR. STEVENS:

Dear Sir—My daughter, after having a severe attack of whooping cough, was left in a feeble state of health. Being advised by a friend she tried the VEGETINE, and after using a few bottles was fully restored to health.

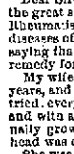

I have been a great sufferer from Rheumatism. I have taken several bottles of the VEGETINE, for this complaint, and am happy to say it has entirely cured me. I have recommended the VEGETINE to others, with the same good results. It is a great cleanser and purifier of the blood; it is pleasant to take; and I can cheerfully recommend it.

TO PHYSICIANS AND INVALIDS.

The flexible, self-applying Electric Disks, Dr. Garratt's invention, make without care or trouble, "gentle and prolonged applications" of very fine primary currents. They prove sufficiently active and durable for this peculiar method.

While worn by night or day for cold rheumatic neuralgia, lameness, weakness, or chronic pains, the disk is sure to generate and apply its constant multipolar electric action. Each metal acts as element and pole. They are wired avoirdupois for deep pains by stirring. As shown by the expert judges, and in practice, these disks excel all other attempts at this sort of appliance. Nothing like them.

Large disk, $2 50. Children's $1. Other sizes. Also, our new Insulating Chest Protector, 75c., Children's, 50c. Sold by druggists and surgical instrument dealers. Sent by mail on receipt of price, by GARRATT & CO., 5 Hamilton Place, Boston, Mass. jy19

GENERAL NEWS.

FROM NEW YORK.

THE CIRCASSIAN WRECK.

The Grand Trunk Railway Strike.

NEW YORK, Jan. 2.

A telegram from Sag Harbor gives some later particulars of the Bridgehampton horror. So far, fourteen bodies, including the captain of the Circassian, have been recovered. The lost wreckers were mainly Shinnecock Indians of Long Island, composed of all able-bodied men, whose tribe is now nearly extinct.

Despatches from Montreal say the Grand Trunk locomotive engineers' strike is causing much suffering among the passengers on trains which were abandoned between stations in the great storm. There is much suffering both from the cold and want of food.

GOV. ROBINSON'S MESSAGE.

Gov. Robinson's message, delivered to the legislature at Albany, today, has several pages devoted to national affairs. He claims the returning board of Louisiana is an illegal body. Discusses the Louisiana question at considerable length, and says there is every reason to believe the authority exercised by the returning board is void and repugnant to the United States constitution, and to the constitution of Louisiana. He also criticises the action of the Florida and South Carolina canvassers, and denounces the use of federal military power in those states.

FINANCIAL AND COMMERCIAL.

Pressure of Freight.

NEW YORK, Jan. 2.

Owing to the rush of freight on the main line of the New York Central Railroad, their works at Schenectady were opened a few days ago and the work begun on ten new locomotives for the central road.

THE STOCK MARKET

opened this morning at eleven o'clock. There were only a few stock dealers in the street, but the market opened very strong, with an advance of ½ to ¾ per cent. in the leaders.

Lake Shore, Michigan Central, Western Union, the coal shares and the granger stocks all showed symptoms of renewed strength.

THE WESTERN RAILWAYS

were stiff, owing to the announced further increase in freight tolls of five cents on all the trunk lines, which took effect yesterday. It is expected that passenger rates will also be put up almost immediately.

GOVERNMENT BONDS

opened active, with large transactions. The 6s of 1881, 1865s, new 1867s and 1868s were quoted ex interest today; ten-forties and the new 5 per cents. advanced a fraction.

GOLD

opened at 107, and at noon quotations were the same.

The Mexican Revolution.

A special from San Francisco says ex-President Lerdo and staff of Mexico are now in the State of Jalisco, with about one-half the regular Mexico Army, and expects to make a successful fight against Diaz and regain the City of Mexico. If defeated he will flee to California.

FROM WASHINGTON.

The Democratic Policy in Louisiana.

WASHINGTON, Jan. 2.

A telegram received here today from New Orleans affirms that there will be no collision between the two governments. It is the intention of the democrats to inaugurate Nichols and set afloat an entirely independent government, which the taxpayers alone will recognize. It is claimed that the supporters of Kellogg and Packard do not contribute half a million to the taxes of the state. This plan contemplates that hereafter no taxes will be paid to Packard's agent.

THE MUNICIPAL GOVERNMENT

is already in the hands of the democrats, who hereafter will have a police of their own and will refuse to pay warrants drawn on them by the old metropolitan police. This action is fully indorsed by all the democratic members of the house committee in New Orleans.

Payne, chairman of the House committee to draw a plan for

COUNTING THE ELECTORAL VOTE,

has not yet returned. There are only four members of the Senate committee here, and Senator Edmunds stated this morning that there was no truth in the report sent hence that the committee had come to an agreement in regard to the mode or manner of counting the electoral vote, and judging from casual remarks made to senators and others by different members of the committee, there seems very little prospect of securing a majority report in favor of any of the plans talked over or suggested.

LOUISIANA AFFAIRS.

A delegation of disgruntled democrats from Louisiana has arrived here. They report that the congressional committees will not finish their labors before the 15th inst., and that meanwhile the democratic judges and other state officials will be rotated by the republican legislature. They admit that the Louisiana democrats offered to compromise on Hayes and Nichols, the democratic candidate for governor, but Kellogg and Packard insisted on keeping the state government in their possessions.

THE MARYLAND AND VIRGINIA BOUNDARY LINE.

Jacob Thompson, who was Buchanan's secretary of the interior, is expected here tomorrow to attend a meeting of the board of arbitrators on the Maryland and Virginia boundary case, the most important feature of which relates to valuable oyster beds in Chesapeake bay, which each state claims. It is rumored that the decision will be in favor of Maryland.

DEMOCRATS DISTURBED.

Democrats are a good deal disturbed here by the fact that the democratic senate in New Orleans, which organized yesterday outside of the state house, recognized Kellogg as governor by sending a committee to him notwithstanding some of the senators held commissions from McEnery as governor. Democrats here apprehend that this recognition of Kellogg will be a powerful argument to invalidate the claim of the democrats to the democratic electoral vote of Louisiana which is certified to by McEnery.

CERTIFICATES HAVE BEEN RECEIVED FROM EVERY STATE BY MAIL.

The messengers of democratic certificates from South Carolina and Louisiana handed sealed packages to Mr. Ferry today, in the presence of Senator Bayard and Representative Willis, but were refused vouchers.

THE SITUATION IN SOUTH CAROLINA.

In conversation with your correspondent the democratic messenger from South Carolina said he was confident that United States Judge Carpenter would decide Hampton to be the legal governor, or, if not, would decide that neither Hampton or Chamberlain are entitled to the office. Carpenter is personally hostile to Chamberlain, and four years ago was the democratic candidate for governor against Moses. Although Carpenter is called a republican, the democrats believe he wants Hampton to have the gubernatorial chair, and that his decision will be in their favor. Judge Carpenter is now in Washington.

THE DISTRICT ATTORNEYSHIP IN NEW YORK.

Attorney General Taft said today that no person has yet been decided upon to succeed District Attorney Bliss at New York. Another member of the cabinet, said he was confident that General Sickels would not be appointed to the position.

THE SITUATION IN LOUISIANA.

The administration is watching with deep interest the proceedings at New Orleans, and although some persons think there will be a conflict, the President does not share in this apprehension.

DELINQUENT ELECTORAL MESSENGERS.

Under the law, all the Electoral messengers are required to deliver to the president of the senate the certificate of the electoral votes cast in their respective states before the first Wednesday in January, consequently this is the last day on which the president can receive such certificates. Up to 2 o'clock several messengers have failed to put in an appearance.

MISCELLANEOUS.

FLORIDA.

Inauguration of Governor Drew.

TALLAHASSEE, Jan. 2.

Gov. Drew, the democratic candidate, was inaugurated today, the republicans quietly acquiescing. The democrats have a good working majority on a joint ballot in the legislature. Everything is quiet.

A STEAMER SUNK OFF KEY WEST.

A Boat Load of Passengers Missing.

KEY WEST, Jan. 2.

The steamship Emilie sank last night in six fathoms. Only one man and an infant are known to be lost, but a boat load of passengers is missing. The captain's boat and one other has arrived here. Steamers have gone out in search of the missing passengers. The mails were lost.

The House silver bill is just and expedient, and that its final passage would benefit the nation at large and many of its substantial interests, facilitate the resumption of specie payments, and act as a stimulus to an industrial and commercial revival, which would promote the prosperity of the American people, is a foregone conclusion. [Philadelphia Press.

There is said to be a paper church actually existing near Berlin, which can contain nearly one thousand persons. It is circular within and octagonal without. The reliefs outside and the statues within, the roof, the ceiling, and the Corinthian capital, are all of *papier-mache*, rendered waterproof by saturation in vitriol, lime-water, whey, and the white of eggs.

The life insurance companies are waking up to the fact that "death by accident" is a thing to be taken into important consideration, and danger from that cause is on the increase.

A VERY OLD BOOK.

Mr. Albert A. Lovell of this city has in his possession a rare and valuable book, in an edition of "Soetonius De Vita XII. Cesarium, Mediolani, 1475" (Suetonius's Lives of the Twelve Cæsars. Published in Milan in 1475). Books published at that early date are exceedingly rare, it being but about thirty years after the first use of metal type with engraved faces. The oldest printed book in possession of the American Antiquarian Society is a Latin translation of Herodotus, printed by Arnold Pennartz at Rome in the same year.

This work was executed by Philip de Lanagnia, who styles himself the first printer of the Latin race. There is yet remaining in the library of the Athenæum at Turin a book printed by him in Milan, bearing date of 1469, viz: "Miracles of Notre Dame." Lanagnia was associated for a time with Antonius Zarotus, afterward with the German Waldopel and later with John Bonus. The publication of the "Lives of the Cæsars" precedes by one year the first Greek book ever printed, which was the Greek Grammar of Constantine Lascaris, executed at Milan by Dionysius Paravisinus in 1476, and by six years the first printed portion of the Holy Scriptures in Greek, viz., the Psalms, issued there in 1481. This book, which is a fine specimen of early printing and in excellent preservation, is printed on heavy paper sized with parchment, a greater portion of the pages being as bright and clean as when they left the press, while on others are annotations in Latin. Space is left throughout the book for illuminated initial letters to be inserted by hand, which work has never been performed. It is a large quarto with wide margin, and compares remarkably well with the best specimens of modern printing. The first page is apparently missing. From a manuscript note on the fly-leaf the book is supposed to have belonged to the library of Lord Spencer.—[Worcester (Mass.) Spy, December 15.

THE PROFIT OF GOOD PORK.

We went into Quincy market the other day, to do some marketing: and a farmer came in to see what he could get for his pork. He said he had a choice breed of pigs; he had taken great care in raising them in a clean, healthy place, where they did none of the work of a compost mill; had fed them on milk, the best of corn meal, potatoes, pumpkins boiled up (after being washed) mixed with the meal. They were eighteen months old, and would dress from three to four hundred pounds of as nice pork as was ever seen. "Now sir," said he, speaking with the pride of one who had prepared for the market, pork worthy of the name, "what will you give for it?" The market man named the price. "Is that the best you can do?" was the good farmer's inquiry. "Yes,—every mill," said the buyer. "But that is what you pay for pork made under stables, in distilleries—fed on vileness and grown in filth. Can you not give more for an article grown and fattened as mine has been?" "We cannot." "Then," said the seller, "what is the advantage of careful attention in raising pork?"

So we thought; and we would like to ask every reader who buys a piece of pork, to consider the farmer's remark. If the consumer has no interest in good, cleanly-grown and healthily-fattened pork, let him take what is in the market,—and the fewer questions he asks, the better. If he has, he should insist upon having such as this farmer raised, and pay for it, if need be, an extra price. If this were done, the market man would have to look out for such an article, and pay conscientious, cleanly farmers for their pains. So long as the consumers make no distinction in these matters, the market men cannot be expected to.—[Golden Rule.

The papers in this country and in England are now producing evidence that the Spitz dog causes more hydrophobia than all other kinds combined. They say it is the most unreliable of any dog in its temper, apt to snap and bite, when it is apparently in its best moods, that it is a disgusting little beast and ought to be banished from good society. The N. Y. Herald speaking of a death by hydrophobia in New York the other day caused by the bite of a Spitz dog, says that before these dogs came that disease was hardly known in this country whereas now cases occur every week, and nearly all of them are traceable directly to this little brute. It says that no one would have a rattle-snake on legs in his house and yet a Spitz dog is about as dangerous as that reptile would be. If any of these charges against the Spitz dog can be half proved every one of these creatures should be sent south at once and fed to the alligators who dine on dog in preference to anything else.

Princeton college is getting a sharp overhauling from the older alumni of the institution for the extent to which it is running to the outward show,—large funds and fine buildings,—to the neglect of the weightier matters of instruction and a high order of culture. It seems to have become a refuge for students dropped from the rolls of other institutions for backwardness, and the poor quality of the instruction has aroused the protest of the students themselves. These things are noted by the older alumni with growing regret for a long time, and President McCosh will do well to head their complaints.

DRY EARTH FOR POULTRY HOUSES.—Dry pulverized soil (not sandy) has now come into general use in large cities as a deodorizer, and can be used with great success in all large or small poultry houses. By care and attention, 300 or 400 fowls can be kept in one building without causing any unpleasant smell, if the dropping from the roosts are removed daily and the dry earth renewed weekly. Care must be taken that the earth is perfectly dry before using; it will then absorb all moisture and smell. We can recommend the use of dry earth as the best thing our breeders can use on the floors of their poultry houses.

The Newport Daily News and the Newport Journal.

The Newport Daily News is published every afternoon, (Sundays excepted,) at the News building, 13 Church street, by Davis & Pitman.

The Newport Journal is published at the same office every Saturday morning, and contains a selection of the best matter in the Daily, including editorial discussions of the topics of the week, literary miscellanies, and at least one good story, the latest markets, and a complete and comprehensive summary of the news,—local and general. The Journal is a large, 32 column paper, and contains more reading matter than any other paper in the southern part of the state.

Complaints regarding the irregular or improper delivery of either paper should be sent to the office at once.

ADVERTISING RATES.

Ordinary advertisements, $1 a square, for the first insertion, and 25 cents for each continuance. Ten lines or less, in this type, make a square. Advertisements in reading matter, are charged for, at 50 per cent. extra. A discount on these rates is allowed on all advertisements ordered for one week or longer. Funeral notices 50 cents each. Yearly advertisers are limited to their immediate business and are allowed twenty five changes a year. No gratuitous advertising for any object.

SUBSCRIPTION RATES.

The Daily News, $3 per annum, or 12 cents a week, to carrier.

The Newport Journal, $2 per annum, or $1.50 if the whole year is paid for strictly in advance.

PRINTING.

Connected with the News is the largest general printing office in the city. All orders for work in this department will be promptly filled, and at reasonable prices. The patronage of the public is respectfully solicited.

WEDNESDAY, JANUARY 3, 1877.

THE DAY.

The Boston water works cost $18,000,000.

His Honor, Mayor Bedlow, has ordered the street commissioner to roll all the principal streets with a heavy roller so as to make them available in case of fire.

There was a fire in East Providence last night resulting in a loss of $17,000, and one in Lewiston, Me., caused by the explosion of a kerosene lamp, with a loss of $20,000.

The steamer Newport on her way to this port yesterday afternoon, met with a slight accident, and was obliged to put into New Haven for repairs. No serious damage was done.

Among the killed at the Ashtabula disaster were Prof. H. G. Rogers, of Springfield, Ohio, and his young wife. They had just been married and were on their wedding tour.

At a meeting of the Directors of Rhode Island Union Bank, held yesterday, George F. Crandall was elected president of that institution in place of Hon. William C. Cozzens, deceased.

David Dudley Field was elected to congress yesterday to fill the vacancy caused by the resignation of Smith Ely, Jr. He was the Tilden and Tammany candidate and had the support of his friend Tweed's constituency.

It will be seen that the board of firewards took action last evening as to the condition of the streets and the difficulties that would arise in case of fire. It becomes every citizen under present circumstances to look well to his heating apparatus.

Gov. Robinson of New York went outside of his province in his message to the New York legislature and discussed, chiefly the affairs of other states than his own. Minding other peoples' business is a failing which some folks have. It is understood that in this case Gov. Robinson speaks for Mr. Tilden with whom he is associated.

In settling the presidential question the demand is not for compromise as some men talk but for a fair decision of the actual contest and a quiet submission to the declared verdict. The defeated party in an election will always be willing to compromise and take up with half where they are entitled to none, but that is not what is now wanted. There is nobody authorized to make a compromise, and if one is made it will be in the interest of individuals and not of the people.

Another ex-Confederate who counsels harmony and forbearance and urges moderation is Judge Herschel V. Johnson of Georgia. Whoever is elected president let him be inaugurated, says Judge Johnson, by the concurrent will of all the American people, according to the spirit of the constitution and the letter of the law. Expressions like the above from such prominent men have a wonderful influence in subduing the war spirit.

Rev. A. H. Washburn, D. D., rector of Grace Church, Cleveland, Ohio, was one of the victims of the Ashtabula disaster. Dr. Washburn was well known in New England, having formerly been rector of Christ Church, Hyde Park, which parish was his first charge, and of which he was the first rector, his pastorate extending from the organization of that parish in 1861 to 1866, when he accepted a call from Grace Church, Cleveland. His last visit to Boston was for the purpose of attending the sessions of the Church congress last November. Rev. Dr. Washburn was a man of ripe scholarship, of pleasing address, thoroughly devoted to his chosen calling, and highly, esteemed by all who knew him. He was a native of Ohio, about 48 years of age, and leaves a wife and two children.

HOW A WOMAN READS A NEWSPAPER.

Somebody says that one who will watch a woman read a newspaper will get some new ideas on the characteristics of the gentler sex. She takes it up hurriedly, and begins to scan it over rapidly, as though she was hunting some particular thing; but she is not. She is merely taking in the obscure paragraphs, which, she believes, were put in out-of-the-way places for the sole purpose of keeping her from seeing them. As she finishes each one, her countenance brightens with the comfortable reflection that she has outwitted the editor and the whole race of men, for she cherished a vague belief that newspapers are the enemies of her sex, and editors its chief oppressors. She never reads the headlines, and the huge telegraph heads she never even sees. She is greedy for local news, and devours it with the keenest relish. Marriages and deaths are always interesting reading to her, and advertisements are exciting and stimulating. She cares but little for printed jokes, unless they reflect ridicule upon the men, and then she delights in them, and never forgets them. She pays particular attention to anything enclosed by quotation marks, and considers it rather better authority than anything first handed. The columns in which the editor airs his opinions, in leaded bifaluin, she rarely reads. Views are of no importance in her estimation, but facts are everything. She generally reads the poetry. She doesn't always care for it, but she makes a practice of reading it, because she thinks she ought to. She reads stories, sketches and paragraphs indiscriminately, and believes every word of them. Finally, after she has read all she intends to, she lays the paper down with an air of disappointment, and a half contemptuous gesture, which says very plainly that she thinks all newspapers miserable failures, but is certain that if she had a chance she could make the only perfect newspaper the world had ever seen.

THE AMIABLE MAN.

The amiable man was an amiable boy. He never gave anybody any trouble. He did as he was bid; he believed as he was told. When you sat him down anywhere, he was there, and you knew where to find him. He never went nosing around into dark corners, to find out what was going on. He never bothered any one by asking questions; or if he so far forgot himself as to ask them, he was satisfied with the answers that were given him. When he went to school, he took things as they were given him. He never said "Why?" When the teacher told him that t-o-u-g-h spelled tuff, and h-o-n-g-h hock, and p-l-o-u-g-h plow, and t-h-r-o-u-g-h thru, he didn't say a word; he didn't even wink his eye; he just took it all down. When he learned in geography that "the earth is a planet or a ball on which we dwell," and that "the equator is an imaginary line on the earth's surface," he didn't ask, "What is a planet?" he didn't ask, "How broad is the line, and what color is it?" When he learned in grammar that all nouns form their plural by adding s to the singular, and then learned man, men; woman, women; child, children; he did not argue the point, he did not see any incongruity.

Time passed on. He became a man; an amiable man. He never made anybody any trouble; he never struck out his elbows; he had no convictions that interfered with anybody on any subject; he had, so to speak, no bones in his moral framework; he was a good deal like a moral feather-bed. He never got into a dispute; he agreed with every one. If Mr. A. said to him, "Black is black; don't you think so?" he replied, "O, certainly; as black as midnight." If Mr. B. said to him, "Black is white in my opinion; and what is your view?" he never failed to say, "O, yes; driven snow could not be whiter." And both Mr. A. and Mr. B. went away saying, "What a very amiable man Mr. Cold Molasses is! And how excellent his judgment!"

The amiable man has spent a portion of his life in the editorial chair, and a portion in the ministry. As an editor, he never lost a subscriber through the utterances of some unpopular or unexpected truth. As a preacher, he never repelled any one. No one was ever known to get up and go out, or even to sit uncomfortable under his words. I have heard, though, that once he —used, that is borrowed, the sermon of an eminent preacher. While he was preaching it, some of the people were in tears; and at the close of the service a rumseller came up, bathed in tears, and exclaimed: "Sir, what must I do to be saved? I feel that I am a lost and guilty sinner." The amiable preacher cried, in dismay and amazement, "Why, my dear sir, I beg your pardon: I would not hurt your feelings and make you feel badly for the world. I assure you it was all a mistake."

While the great war convulsed the land, he went through it without turning a hair. He never differed from any one; he never expressed an opinion which could possibly arouse antagonism. He took safe ground, urged the blessedness of peace, the wickedness of strife, the horrors of bloodshed. He always prayed in public "for the sailor and the soldier, and for all classes and conditions of men."

The amiable man is much sought after at union meetings and conventions. He never says anything on these occasions that is likely to hurt anybody's feelings, and he never takes offence at what anybody ever says.

In course of time it chances that the amiable man marries the sweet woman. She, too, has passed a life unstained by a conviction or an opinion. In youth she adopted the views of her father; at marriage, those of her husband. She thinks it unwomanly, masculine, strong-minded, to have an opinion or to assert herself. She holds that weakness, dependence, tutelage, is the normal state of woman. She is to be led, guided, held, supported. "There is something so sweet in dependence!" she often says. Her favorite quotation is from Longfellow: "What I most prize in woman is her affection, not her intellect."

So, she is married to the amiable man, and their first-born is an idiot.—[Dr. Dobbs, in National Baptist.

IMPORTANT TO TRAVELERS ON CROWDED TRAINS.—The New York Court of Appeals has recently made a decision which is of interest to persons on crowded trains which have Pulman cars attached. A Mr. Peck purchased a ticket for a passage on the Delaware and Lackawanna Railroad. He entered a car which was full, and was told by the brakeman or some other official that there were seats ahead. He passed through several cars which were also full. He then came to a Pullman car which was not full, and seated himself in one of the ample and comfortable chairs with which those carriages are furnished. Shortly the employe of the Pullman Company came along and demanded the usual additional charge of the seat he occupied. Mr. Peck declined. He had purchased a ticket which entitled him to a seat, and he had found one on the train. He was entirely satisfied, but the Pullman employe was not. He called in the conductor and assistants and Mr. Peck was removed from the car by force. He immediately commenced a suit against the company, placing his damages at $3000. The case was warmly contested, and finally the court of last appeal has confirmed the verdict of the lower court for $3000 for the plaintiff.

HOMELY MAXIMS FOR HARD TIMES.—'Take care of the pennies.' Look well to your spending. No matter what comes in, if more goes out you will always be poor. The art is not in making money but in keeping it. Little expenses are like mice in a barn, when there are many. Hair by hair, heads get bald; straw by straw the thatch goes off the cottage, and drop by drop the rain comes into the chamber. A barrel is soon soon emptied if the tap leaks but a drop a minute. When you begin to save begin with your mouth; many taleves pass down the red lane. The slo jig is a great waste. In all other things keep within compass. Never stretch your legs farther than your blanket will reach, or you will soon be cold. In clothes, choose suitable and lasting stuff, and not lowdry fineries. To be warm is the main thing—never mind the looks. A fool may make money, but it takes a wise man to spend it. Remember it is easier to build two chimneys than to keep one going. If you give all to back and board, there is nothing left for the savings bank. Fare hard and work hard when you are young, and you will have a chance to rest when you are old.

Some of the oldest captains in the trans-Atlantic service say they have never experienced the equal in severity of the weather on the Atlantic of late. The hurricanes and gales were terrible.

LOCAL AFFAIRS.

—No mails from New York were received here yesterday.

—There was about 18 inches of snow on the level here yesterday morning.

—Father Clinton of St. Mary's church, we regret to announce, is confined to his room on account of sickness.

—The monthly meeting of the Martha Washington Society will be held at the hall of the Sons of Temperence, Spring street, Thursday afternoon, at three o'clock.

—The steamer Eolus, owing to the non-arrival of the trains, was detained at Wickford yesterday after making her 7 o'clock trip until her 4:30 trip from that place.

—John Hatfield who is employed on the lightship, came ashore yesterday and after getting his wages at the custom house got drunk and knocked his wife down while walking with her on the street. He was complained of and Officer Steel took him to the station house. This morning he was released and sent on board the lightship.

—A day or two ago a boy in front of a lady's window made use of profane language, and to stop it the lady raised the window and made him a present of some money. He accepted the money and went on his way rejoicing. The next day no less than half a dozen boys, hearing of their companion's luck, went to the same house and while under her windows swore like pirates. The police were requested to take charge of them. They evidently expected some pay as an inducement to stop swearing. The reform school is in waiting for those young ruffians.

HONORS TO THE DEAD.—The funeral of sister Basilia who died so suddenly on Sunday last was solemnized from St. Mary's Church yesterday. The storm was so severe and the condition of the roads so bad that many who would otherwise have been present were kept away.

The remains of the departed were enclosed in a plain rosewood casket, without any ornamentation and the plate bore the following inscription:—

"Sister Mary Basilla Duffy
Died Dec. 31, 1876
Aged 28 years."

The casket was brought into the church and was put on a catafulque, which had been placed near the altar, where it was surrounded by one hundred burning candles. A select choir sang appropriate hymns and Rev. Father Grace conducted a requeum mass for the repose of the soul of the departed after which he delivered a very able and eloquent sermon which was listened to with great interest and moved many to tears.

The remains were deposited in the Catholic cemetary alongside the sister who died a few years ago.

Among those present from abroad was the reverend mother of the order in this state, Sister Climacus, and mother superior Juliana, from Fall River. Many sisters and others from abroad would doubtless have been here but for the storm, causing the detention of the cars and steamboats.

As it was impossible to reach the cemetery in carriages, Mr. Anthony Stewart took one of his heavy teams and levelled the streets leading thereto and for which he deserves no little credit.

The funeral arrangements were in charge of William J. Quinn and Thomas Galvin.

MEETING OF THE BOARD OF FIREWARDS.

There was a special meeting of the Board of Firewards at the Fire Department Headquarters at 6 o'clock last evening, at which the foremen of all the fire companies were ordered to be present. The present condition of the streets was discussed at some length.

The foremen of the different companies were ordered to make the necessary arrangements to have the teams in readiness and all the fire apparatus doubled up, with the drivers and firemen on the alert in case of fire during the present heavy travelling. A communication was also sent to his Honor, Mayor Bedlow, asking him to have the snow broken down on the principal thoroughfares to facilitate the drawing of the heavy steamers in case of need.

"Ah, general, sorry to see you in this condition; where are you wounded?" said an army surgeon to the late Gen. Bartlett at the first assault on Port Hudson. "I have got a bullet through my wrist and a flesh wound in my right leg," replied the brave general. "I don't know whether the other leg (the wooden one) is wounded or not; you will have to take that off and examine it!"

CITY COUNCIL

A WORY SESSION AND NOT MUCH DONE. BILLS ALLOWED AND ONE THAT WAS NOT ALLOWED.—A COMMUNICATION FROM MAYOR BEDLOW.—REPORT OF THE FINANCE COMMITTEE.—AN EXTRA SESSION CALLED.

The city council met last evening for the transaction of regular business with a very full attendance of both boards.

The lobby, or third house was well represented as matters of unusual interest were expected to come before the council during its session.

There was nothing said or done in reference to the new city charter, some of the committee being out of the city and not ready to make a report.

The first business to come before the council was the financial report No 7, which was presented by Councilman Sherman and read, showing expenditures as follows:—

Fire department	$476 04
Repairs on reservoirs	14 20
Public schools	667 79
Police	1,171 48
Lighting streets	754 01
Gravelly Point	603 78
Stationery, &c.	65 35
Public parks	73 25
Synagogue fund	21 50
Ward meetings	19 00
Salaries	200 00
Dog fund	10 00
Incidentals	808 83
Newport Asylum	767 15
Highways	1,010 38
Poor fund	4 25
Incidentals	6 81
Mercury office	29 10
Total	7,151 18

The following communication from the mayor was read and referred to the appropriate committee.

To the Honorable Board of Aldermen:

Gentlemen:—It is with sincere regret that I am called upon to announce to you the fact of my having suspended from duty a hitherto considered exemplary member of the police.

On the 26th ultimo the charges prefered against Samuel S. Beaumont by his superior officers, combined with the protest of several prominent citizens, were of such gravity as to leave me no chance of action between an exercise of clemency and an act of justice and impartiality in the application of my authority, and holding the opinions I do in respect to what the character of the police force of this city should be, and impressed with the importance of its respectability being sustained in the public estimation, I determined to be just to others rather than lenient to him, and therefore notified him of his suspension from duty subject to the further action of this board.

I cannot forbear adding that the scandal resulting from unpunished offences of the kind of which this officer has been proved guilty, is quite worthy of serious apprehension as to grant forbearance in the treatment of such misconduct, would seem to indicate a contemptuous disregard of public opinion as well as the public interest if it would not, on the part of the board, imply a direct sanction of such irregularities.

There will be a special significance therefore derived from the position you assume, and if your action in this case be based upon a feeling of partiality or self-indulgence under the guise of lenity, the very obvious result will be a general dissatisfaction in the community which I, for one, have not the recklessness to provoke by acquiescence in an act which will seem to justify and shield wrong doing, to the detriment of a much needed discipline in the police of this city.

HENRY BEDLOW,
Mayor.

The following petition from Mr. Wm. H. C. Bartlett was read and referred to the committee on city property:

To his Honor the Mayor and City Council of the city of Newport:—

Gentlemen—Sometime last fall I purchased, through a friend, the premises known as No 27 Broadway, Newport, R. I., with the purpose to make it a permanent home for myself and family. When I came to examine the property I found it needed many alterations and improvements which are now in course of being made. I also found, to my surprise, that the land did not extend to the sidewalk on Broadway, as I had supposed, but that a small piece of the city commons interposes between it and that thoroughfare.

Now the object of this communication is to ask that the city authorities of Newport will either sell to me this strip of commons or lease it to me for a time long enough to give to me and my heirs a control sufficient to protect us against the possibility of its ever becoming a source of annoyance. I propose to convert it into a lawn, inclose it by a neat low iron fence and make it an ornament as far as I can, to my home and the city.

Should your honorable body look favorably upon this petition and conclude to grant me the favor I ask, would you please give the matter such direction as to accomplish the purpose I have in view.

WM. H. C. BARTLETT.

A bill of A. L. Burdick was presented and read for painting and varnishing a wagon for the street commissioner and upon being put upon its passage met with considerable opposition. One member of the council said he could not see why the city should pay Mr. Burdick for painting the street commissioner's wagon any more than any other man's wagon, and if the allowing of such bills had been customary heretofore it was time a stop was put to it and he should oppose the payment of anything of the kind. Other members expressed themselves in similar terms against the payment of the bill and upon the question being put it was decidedly voted down.

The following report of the committee on finance in relation to the affairs of Benjamin Marsh 2d, late city clerk, was read and concurred in.

To the Honorable City Council of the City of Newport:—

The committee on finance pursuant to the resolution of said council, passed on the 9th day of December instant, relative to an examination by this committee of affairs of Benjamin Marsh, 2d, late city clerk, concerning the city of Newport, respectfully report as follows:

We have made an examination in the premises and find that on said 9th of December Mr. Marsh was indebted to the city in the sum of $1498.76 made up of these sums and items, to wit. Money received by him for various licenses:—

Liquor	$600
Dog	32
Hotels	20
Hack	3
Shows &c	50
Bagatelle tables	75
Circuses	35
	$793

From this amount deduct $40, being the balance in his favor of certain errors in his accounts with the city for the first quarter of the present fiscal year leaving $755.

Moneys received by him to be paid to city treasurer for account of the Newport Asylum, $743.76 making $1,498.76.

We further report that since the passage of said resolution the following payments have been made by Mr. Marsh to the city treasurer towards the liquidation of his liabilities to the city, that is to say:

On December 12th in bills or currency $140. On Dec. 13th by his check on the Merchants bank for a balance of city funds deposited there in his name $609.01. On Dec. 30th in bills or currency $172.88. Making a total of $881.89.

There remains due the city therefore, according to the forgoing figures, the sum of $616 87.

We desire further to report that our examination has been confined to the matters above particularly specified in our account or statement, those being the only affairs of Mr. Marsh which concern the municipal corporation of Newport so far as we are aware.

In our investigation we have availed ourselves of the services of George W. Taylor Esq. as will appear by his report to us herewith presented.

G. W. TAYLOR'S REPORT.

To the Finance Committee of the City Council of the City of Newport, Dec. 15th, 1876:—

The undersigned, at your request, having examined the account of the late city clerk with the city of Newport respectively reports.

That I commenced my examination from the 1st of June, 1876 which is the commencement of this fiscal year. I find the following report made to your body from June 1st to Sept. 1st, 1876, all of which money has been paid over to the city treasurer as per his receipt and to your body, to wit:

For liquor license,	$11500 00
For burial lots sold,	199 00
For dog licenses,	186 00
For billiard tables and shows,	198 00
For tavern licenses,	60 00
For hack licenses,	41 00
For junk licenses,	9 00
For rates of fare,	75
	$12,133 75

In my examination I find three discrepancies in the above report. In the account of burial lots sold I find but $95, but reported as above as $199, leaving due to the said clerk $104. I also find for dog licenses $186, which should have been returned $190, thereby adding to the accountability of the said clerk $4. I also find for tavern license $120, instead of $60 due from said clerk, growing out of the supposition at the time that one half of that sum was due to the state of Rhode Island, hence by these figures your committee owes the said clerk $104, and he owes your committee $64, leaving $10 due said city clerk from the above report.

I further find that from Sept. 1st to Dec. 1st 1876, being the last quarter of the said clerk acting there is due from him for

Liquor Licences	$600 00
Dog license	32 00
Circus "	17 50
Shows "	15 00
Hotel "	20 00
Bagatelle tables license	37 50
Hack "	3 00

I do further report that from the suggestion of one of your body I have further examined all of his accounts from June 1st 1872 to June 1st 1876, and I find everything perfectly correct as per his account settled with your body.

GEO. W. TAYLOR.

Newport, Dec. 15th, 1876.

The quarterly report of the late city clerk, Benjamin Marsh 2d, for the quarter ending December 1876 was read and non concurred in or rather not accepted. The reason of this action of the council being that the report was made out after he had ceased to act in his official capacity as city clerk, having been removed by the council previous to the making out of the report.

Councilman Bull from the second ward offered a resolution petitioning the General Assembly of this state to report certain sections of the general statutes, or so much of them, as relates to shooting galleries, bowling alleys, etc., in the city of Newport. Some opposition being made Mr. Bull withdrew this resolution and presented another somewhat similar and with the same object in view, which after discussion was passed. The object of this resolution seems to be to meet a special case wherein certain parties have unwittingly violated a law of the state by opening a shooting gallery in this city. The statutes relating to this applies to Newport only, and it was generally conceded that too much partiality was shown in that regard; not that shooting galleries or bowling alleys were a great benefit to the city but that Newport should have the same privileges as other cities in the state if the city government saw fit to grant them.

A resolution that the communication of the mayor to the city council at this meeting relative to Samuel S. Beaumont, a member of the police, be and hereby is referred to the committee on police, to investigate the matter and to report thereon at the next regular meeting of the city council, was passed.

This resolution, as it then stood, placed the officer back upon the police force in his former capacity according to the opinion of the city solicitor, who said the officer could only be suspended until the regular meeting of the council, after which, if no decided action was taken, he resumed his former place.

Upon this being ascertained a motion was made and carried to reconsider the vote, and the original resolution was amended so as to read "referred to the committee on police to report at a special meeting of the city council next Friday night."

There being no further business the council adjourned until next Friday night.

REGULAR SECRETION ESSENTIAL TO HEALTH.

The regular secretion and flow of the gastric juices, and of the bile which the use of Hostetter's Stomach Bitters promotes, are effects which conduce materially to the restoration of health, when the system is disordered. Food is not digested in the dyspeptic stomach because the gastric fluid is deficient, superabundant or vitiated;—the liver becomes congested and the bowels constipated because the supply of bile is inadequate or misdirected. The Bitters rectifies all this, and removes every ill consequence of non-assimilation and bilious irregularity. Furthermore it stimulates the action of the kidneys, by which impurities are, so to speak, strained from the blood, and any tendency in the urinary organs to grow sluggish and disordered counteracted. Whether it be used as a means of regulating gastric or bilious secretion, and relieving the overloaded bowels, or to promote complete, and therefore healthful urination, Hostetter's Bitters may be relied upon with confidence to accomplish the end in view. jan3-1w-n&j

Sudden Changes of the Weather often cause Pulmonary, Bronchial, and Asthmatic troubles. "BROWN'S BRONCHIAL TROCHES," will allay irritation which induces coughing, oftentimes giving immediate relief. jan3-eod-1w-n&j

MANY THOUSANDS OF DOLLARS have been spent in distributing, *free of charge*, sample bottles of BOSCHEE'S GERMAN SYRUP to all parts of this country, to those suffering from coughs, asthma, hemorrhages, consumption, and other throat and lung diseases, that the afflicted might satisfy themselves, that this remedy would save them from those fatal diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die, it is your own fault, as you can go to your druggist, James H. Taylor, and get a sample bottle for 10 cents and try it; three doses will relieve any case. Regular size only 75 cents. dec13-eod-n&j

Money Article Notice.

The recent rapid decline in gold having directed inquiry towards first class currency investments, Messrs. Kuhn, Loeb & Co., invites proposal for $1,-800,000 Cincinnati 7 3-10 bonds the balance of the issue authorized by the Legislature of the State of Ohio for the city of Cincinnati. The character of this security as well as the high rate of interest offered make this a tempting investment and it will doubtless command a quick sale at high prices. jan3

SCHENCK'S MANDRAKE PILLS

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver, and give a healthy tone to the entire system. Indeed, it is no ordinary discovery in medical science to have invented a remedy for those stubborn complaints, which develop all the results produce by a heretofore free use of calomel, a mineral justly dreaded by mankind, and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calmelo without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific researches; and those who use the Mandrake Pills will be fully satisfied that the best medicines are those provided by nature in the common herbs and roots of the fields.

These pills open the bowels and correct all bilious derangements without salivation or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue.

Ample directions for use accompany each box of pills.

Prepared only by J. H. Schenck & Son, at their principal office, corner of Sixth and Arch streets, Philadelphia, and for sale by all druggists and dealers. Price 25 cents per box. dec13-1m

THE SUPERIORITY OF THE

REMINGTON Sewing Machine

Is acknowledged by competent judges in the following particulars:

1. It is constructed on the soundest mechanical principles.
2. It is made with the best material by the best workmen.
3. Its wearing surface is more evenly distributed than that of other shuttle machines.
4. It has no harsh jarring motions.
5. It runs much lighter, stiller, and with less wear than other shuttle machines.
6. There is less wear on the needle bar and cam than in other machines.
7. Less motion is given to the shaft, carrying the needle bar and feed than in other machines.
8. The feed is positive, silent and automatic.
9. The length of the stitch is more easily regulated.
10. The needle is more easily threaded. There are no holes for the thread to pass through, but the eye of the needle.
11. There is no wear or strain on the thread to set it roughly in the cloth.
12. It has no objectional levers, no heavy rotary cams, no noisy cog wheels, which are always gumming or breaking.
13. It is so constructed that it can run twice the speed, do double the work and last twice as long as other shuttle machines.

NOTICE.

I WOULD RESPECTFULLY inform the public that I have sold out my grocery and grain business on Broadway to Josh. H. Peckham and S. Dyer W. Anthony, who will take possession of the same on the first day of January, 1877. I would extend my hearty thanks to the many kind friends who have given me their patronage in the past and hope that they will continue the same to my successors. All parties indebted to me will find their bills ready for payment on the first day of January, and I hope that the same will be promptly attended to. All parties having bills against me will please present them immediately for settlement.

PECKHAM & ANTHONY,

(SUCCESSORS TO JOSHUA PECKHAM,)

The undersigned having purchased the good-will and stock in trade of JOSHUA PECKHAM, at

113 & 115 BROADWAY,

Purpose to engage in the grocery and grain business on and after January 1st, 1877, under the firm name of Peckham & Anthony.

☞ We respectfully solicit a share of the public patronage. JOHN H. PECKHAM,
dec26 SIDNEY W. ANTHONY.

January Bills-1877.

Within the first week of the month all bills due the undersigned will be presented for payment. These bills are all due, some are much over due. All should be paid in the early part of the month. Most fortunately for the undersigned, many of these bills will reach people of such exalted integrity that immediately upon receiving them they will take measures for their payment. It is of much importance to him that payment should be promptly made, and great hopes are entertained that the honorable example of the above named class will so pervade the community that a contemplated list of those unworthy of credit will contain but few names.

E. W. LAWTON.

A BULGARIAN APPEAL TO THE CZAR.

The following is an extract from a Bulgarian appeal to the czar, which has been sent to St. Petersburg:

"O blessed czar! Millions of freed men bless thy name and render it immortal. Condescend to add to the glory encircling thy brow and liberate the Bulgarian nation. The Bulgarians have not forgotten that centuries ago the Russian Prince Svatoslav saved them from the Byzantines. Today they entreat thee on their knees, O great sovereign Alexander Nicolaivitch II., that thou wilt free them from the insupportable yoke of the Turk.

"O great sovereign, look graciously upon this trodden down race and defend the defenceless. Bulgaria is the cradle of Slavonian orthodoxy, Slavonian language and Slavonian literature. Order thy gallant troops to liberate several millions of Bulgarians, groaning under a foreign yoke, and impressed by the common enemy to serve against their beloved brethren the Slavs. Place us in our appointed position in the great Slavonic family, and convince the world, and more especially diplomacy, that we are a healthy, honest and industrious race, and that we do not deserve to be looked down upon.

"Powerful, orthodox Czar! With tears in our eyes, we prostrate ourselves before thee, beseeching thee to command thy valorous army to save unfortunate Bulgaria. If help is delayed, the Bulgarian race will disappear from the face of the earth, and our country become the home of the Caucasian—a new Caucasus.

"Powerful, orthodox Czar! Thou alone art able to right the Bulgarian. Give us arms, O gracious sovereign, and thou wilt see where is the Slavonian Ararat, and where the Slavonian ark. We are thy Majesty's most obedient, humble, and grateful servants."

CHILDREN TEETHING

MRS. WINSLOW'S
SOOTHING SYRUP,

For Children Teething,
greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is
Sure to Regulate the Bowels.
Depend upon it, mothers, it will give rest to yourselves, and
Relief and Health to Your Infants.
We have put up and sold this article for years, and CAN SAY IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after years of experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation has been used with NEVER FAILING SUCCESS in
Thousands of Cases.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
Griping in the Bowels, and Wind Colic.
We believe it the BEST AND SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle.
Be sure and call for
"Mrs. Winslow's Soothing Syrup,"
Having the fac-simile of "CURTIS & PERKINS" on the outside wrapper.
Sold by druggists throughout the world. aug17-6m

WINTER OF
1876 AND 1877.

For sale cheap, as I want to reduce stock.

I HAVE ON HAND and want to sell the following vehicles:
1 extra nice new Two Seated Sleigh made at Albany, lined with crimson plush, with both pole and shafts, just the sleigh to make a Christmas present, and be remembered at every snow storm. 2 second hand Two Seated Sleighs, with pole only. 1 Single Sleigh, second hand. 1 second hand Coupe Carryall in good order and just painted, good serviceable storm carriage and cheap. 1 Brewster Carryall. 1 C Spring Top Phaeton Buggy. 1 Brewster Top Buggy. 2 Phaeton Top Buggy. 1 Open Buggy. 1 Two Seated Open Wagon. 4 Express Wagons. 1 nice Dog Cart with reversible seat, pole and shafts, just the carriage to drive 4-in-hand to. 1 very nice new Box Top Buggy. 1 very nice new Basket Top Phaeton, will sell a great deal lower now than in the Spring—makes a good close buggy, or a nice summer carriage. 3 second hand Beach Wagons, cheap. 1 second hand landau, cheap. 8 Barouches in good order and newly painted. 1 Victoria with pole and shafts, cheap if sold now. 1 Covered Wagon, will carry 8 people easy. 1 new Express Wagon, cheap as we are giving up selling express wagons. 1 new Road Wagon, just the thing for business or pleasure. 1 Sargent Top Phaeton Buggy, been used but little. 1 Phaeton Top Buggy, one year's use and that with care. 1 second hand Light Dog Cart with shafts. 1 second hand Drag with seat behind, just the thing for 6 horse team, newly painted and in good order, and several other carriages all of which I shall be glad to sell for cash or paper that will be paid at maturity.
I would say that through the kindness of my friends, I have disposed of about 100 different vehicles the past few years having sold carriages to go to Providence, R. I., Stonington, Ct., Little Rock, Arkansas, Middletown, Portsmouth, Tiverton, Fall River, New Hampshire and various other places, all of which have proved as represented. To those having any House Painting, Graining or any other work, that they want done and are willing to pay a fair price to have the same done in a good and substantial manner, I shall be glad to give estimates, and will warrant all work done by me to be in every respect as represented. I return my thanks for the generous patronage which has been bestowed in the past and asked a continuance in the future. To my very numerous friends who have neglected to settle their bills for work done long ago,—if they will now respond by attending to them at once they will confer a great favor, as money is now very useful.

TO THE LOVERS of STEREOSCOPIC VIEWS.

THE ATTENTION of the public is invited to the following views from negatives by J. A. WILLIAMS, which is believed to be the best and largest collection of the gems of Newport scenery ever offered.
The negatives are all carefully taken with the best materials and instruments and aim to present not merely patches of landscapes from points chosen at random as is the case with many others, but, views which shall combine within themselves all the best elements of a picture in the artistic sense.
We would call particular attention to our new cabinet size views taken the present season, 1876, which exhibit with all the fidelity of the stereoscope.
Parties who may wish to make presents to their friends abroad, or to carry home memento of Newport, cannot make a more acceptable choice than by selecting from the many beautiful views of Newport and surroundings.
Interiors and exteriors of houses taken to order. Also parties, horses, &c.

BUT WHO DO NOT TAKE A DAILY FROM THIS CITY.

Let the JOURNAL be compared with any other weekly paper published in the south part of the state and its superiority in the quantity and quality of its contents, particularly in its news departments, will be at once seen. In it are found every week all the minor matters of local news and reports of entertainments, meetings, celebrations, etc., in Newport and vicinity that in fullness and excellence will compare favorably with reports in Boston and other city papers.
We state not so much an opinion as a fact, that will become apparent to any disinterested person who compares it with other papers, when we say that, for all residents of Newport county and all persons who have moved out of the county but wish to keep posted regarding affairs at their old home the best paper without exception
